

Making Pizzas

21 February 2022

On Monday 21 February the preschool children made pizzas! It was a great hands on learning experience for children to get involved in. Each child was giving a chopping board and a kid friendly knife, with a vegetable that they needed to cut to add onto their pizza. There was a variety to choose from. Capsicum, tomato, corn, zucchini, spring onions and more. Then children got to make their own pizza with tomato sauce/mayonnaise even sprinkle their own pizza seasoning.

Through this experience children learnt to interact in relation to others with care and showed interest in other children and being part of the group. They demonstrated a sense of belonging and responded positively and work collaboratively with others. While discussing about vegetables and favourite foods children showed an increasing awareness of good nutrition and conveyed messages with purpose and confidence.

To extend on this experience we will set up a kitchen in home corner and start discussing the types of foods. 23/2

The children have enjoyed kitchen play - we will continue this for another week. 23/2
