

A decorative border of colorful Easter eggs surrounds the text. The eggs feature various patterns and colors, including stripes, polka dots, zig-zags, and solid colors.

Easter Family Egg

Dear Parents,

We will be creating an Easter Egg Tree within our learning environment.

The Easter Egg Tree originated from Germany. The egg is an ancient symbol of life all over the world. Eggs are hung on branches of outdoor trees and bushes and on cut branches inside. So, we will be starting our own tradition of creating an Easter Egg Tree.

Please find the attached Egg for you to decorate with your child. You can paint it, collage it, colour it, glitter it... anything you choose!

Your decorated Easter Egg will be displayed on our Easter Egg Tree to spread hope, love and joy through the Easter holidays.

Please return your Easter Family Egg by:

06-04-2022
