

**Child:** Jason **Date:** 8-2-2023 **Educator:** Andrew

"Did you notice the moon" - Joseph said when he came into the room. "It was so big, it looked like i could see a face on it" Joseph commented. I, went to the book shelf and found the space book. We saw what Earth looked like from Space "I can see so much blue. That the water on Earth" Joseph commented. Next we looked at Nebula - it's a cloud of gas and dust in space.

#### **What It Means**

"Joseph was so excited to see the moon- he has been interested in space over the last few days" - Anna

#### **What's Next**

- Create our own Planetarium
- Space discussions
- Add space materials
