Grace enjoyed drawing with the her friends and working on a group mural. She suggested her ideas and by collaborating with her peers they created a beautiful mural.

Learning Story

Date: 19.1.2023

Observer: Hannah

Setting:

Outcomes

2.4 Children become socially responsible and show respect for the environment 1.4 children learn to interact in relation to others with care, empathy and respect.

Today the children went to Under The Sea Aquarium. We boarded the bus at 9 am in the morning and within an hour the children were excitedly lining up ready to go inside. We went by the touch-pool first "A starfish" Maria said excitedly John put his hand inside the touch pool "Water's cold, I can feel something". We stayed together as we explored different parts of the aquarium "jellyfish glow" Maya explained. The children wondered in amazement as they saw the different sea creatures throughout the aquarium.

Analysis Of Learning

Through the experiences the children gained on the excursion it shows they explore relationships with other living things and observe, notice change.

What's Next

Explore and discover sea creatures

The Experience

Grace went to the Maritime Museum over the weekend with family. She wanted to do a water colour painting for her art experience. Grace drew and painted this ship that she explored while at the museum.

Child's Voice

"I went to the Maritime Museum and I got to go on this ship so I painted it. I had lots of fun". - Grace
