

04-Apr-2025

SUMMARY OF EXPERIENCES

Briefly describe the planned activities and experiences for the day.

Children participated in a storytelling session, outdoor obstacle course, and a sensory play activity using coloured rice and animal figurines.

CHILDREN'S RESPONSES & ENGAGEMENT

Note how children interacted with the activities. Include any notable behaviours, achievements, or challenges.

The storytelling session was a hit! The children eagerly contributed ideas for the story's direction, showcasing their imagination and communication skills (Outcome 5). The obstacle course had mixed responses; while some children enjoyed the physical challenge, others preferred observing or engaging in quieter play. Sensory play was highly engaging. Children explored textures, demonstrated sorting skills, and initiated imaginative scenarios (Outcome 4).

OUTCOMES/GOALS ACHIEVED

Identify which learning outcomes/goals were supported.

- Outcome 4: Children are confident and involved learners.
- Outcome 5: Children are effective communicators.

DAILY REFLECTION

CHALLENGES OBSERVED

Document any difficulties or areas of concern.

Not all children engaged with the obstacle course. Adjustments might be needed to suit varying abilities and interests.

IDEAS FOR FUTURE PLANNING

List suggestions for future activities or adjustments based on today's observations.

Incorporate group storytelling games to build on children's imaginative thinking. Redesign the obstacle course to allow teamwork and more inclusive participation.

FAMILY/CHILD FEEDBACK

Include any input from families/children, if applicable.

A parent mentioned their child's excitement about storytelling at home, highlighting its impact.
