Weekly Learning Evaluation

Monday

- Children demonstrated increasing control and coordination during fine motor tasks, with noticeable persistence and pride in their creations. Spatial reasoning emerged through trial-and-error, peer collaboration, and verbal problem-solving during construction and puzzle play.

Blueprint Drawing & Build Challenge , Fine Motor Obstacle Course

Tuesday

Children confidently expressed ideas and negotiated roles, showing growing awareness of turn-taking and respectful dialogue. Group dynamics revealed emerging leadership, empathy, and the ability to resolve conflicts through language.

Group Decision-Making Game, Role Swap Drama

Wednesday

Children shared personal and family stories with enthusiasm, deepening their sense of identity and connection to others. Narrative play supported cultural exploration, with children showing curiosity and respect for diverse traditions and language.

"My Family Celebration" Collage, Cultural Cooking Day

Thursday

-Children used rich, imaginative language to construct scenarios and embody roles, often extending play across multiple sessions. Role play fostered creativity and emotional expression, with children adapting characters and storylines collaboratively.

Story Extension Box , Character Creation Workshop

Friday

Children actively engaged in caring for the environment, demonstrating responsibility and curiosity about natural systems. Eco-focused activities prompted meaningful conversations about sustainability, with children initiating clean - up and conservation efforts.

Nature Guardians Project, Recycling Sorting Station
