

Maya balanced across the outdoor beam three times.

First she held my hand, then tried alone.

She smiled when she reached the end.

Evaluation

Maya showed resilience and growing confidence as she moved from supported to independent balancing. Her persistence highlighted emerging gross motor skills.

Linked EYLF Outcomes

- Outcome 1: Identity
- Outcome 2: Connection
- Outcome 3: Wellbeing
- Outcome 4: Learning
- Outcome 5: Communication

What's Next

Add stepping stones and rope walk challenges to extend her balance and coordination.
