

# Child Observation

Name:

D.O.B:

Date of Ob:

Date of Follow-up:

## Observation

Jasmine came out of the bathroom and began to laugh " This is my Halloween costume, I'm a bunny" she said. "That's a great costume" Mary said. "Well my mum bought it for me for Christmas as I love anything to do with bunnies, so now on Halloween I dress up as a bunny" Jasmine explained.

## Where is the Child at?

It is evident that through this experience Jasmine is an effective communicator. She engages in enjoyable interactions using verbal communication and conveys and constructs messages with purpose (5.1).

## Working Towards

To extend on this experience we will have a group discussion on special interests. Children can bring in something from home to show to the group. We will take photos and create a wall display of these items.

L/o:

## Follow-Up

Jasmine brought in photos of her in the bunny costume and her mum brought in her real bunny. She told others how she has been interested in bunnies from when she was a little girl and her pet bunny "Snowflake" lives on her verandah in a little house.

## Where to from here?

From the follow up experience it is evident that Jasmine shows interest in other children and being part of a group and expresses a wide range of emotions, thoughts and views constructively.

Outcomes Achieved?

## Parent Input

Jasmine loves rabbits so I thought this will be the perfect outfit for her to wear.
