

My Achievements of Learning

Name: Eloise Murphy

Room: Preschool Room

Date: November 28, 2013

Educators: Lorina

Attendance: M T W TH F

“Children’s learning is ongoing and each child will progress towards the outcomes in different and equally meaningful ways”

This is a report on your child’s achievements based upon each of the learning outcomes within the Early Years Learning Framework. The information provided in each learning outcome will describe what your child has achieved during their time with us.

Belonging, Being & Becoming

Eloise is a confident and happy girl. She is secure and confident in her surroundings and feels comfortable and safe within the learning environment. Eloise has created care relationships with her peers and engages in play with them. Within the learning environment Eloise is given plenty of opportunities to create, experiment and develop. She is an active part of the group and is involved in many aspects. From participating in games to being involved in different projects. Eloise is growing and developing into an independent girl.

Children Have A Strong Sense Of Identity

Eloise cooperates and works collaborative with others. She enjoys small group and large group experiences and games and demonstrates awareness and respect of the rights of others. This is seen during play when she handles tiffs between friends by listening to both sides of the story, asking questions such as why did you say that, then what happened etc and trying to come up with a solution that works for all. Eloise also participates and joins in dramatic play experiences. She likes to lead by example by introducing characters and ideas.

Children Are Connected With & Contribute To Their World

Eloise actively seeks the involvement of her peers. She is always looking for others to get involved in her play. If she sees a peer by themselves she would ask if they would like to join in. Eloise is confident to express her personal opinion on matters and this is usually seen during group time discussions. Eloise understands different ways of contributing through play and projects. She asks educators whether more items or materials need to be gathered or she looks for other items to use during play. She also enjoys exploring other cultures.

Children Have A Strong Sense Of Wellbeing

Eloise is connected with her friends in a happy and positive way. She shares her humour with others and is always looking at ways to make others laugh. She is also a very active child and participates in lots of physical activities such as dance and movement and uses her sensory capabilities to explore and respond to her environment. When using equipment Eloise ensures the safety of others and herself and shows independence. Regarding the importance of health Eloise understands it's important to be healthy and she usually pack a healthy lunch.

Children Are Confident & Involved Learners

Eloise is an enthusiastic learner. She is always one of the first to want to try something new or get involved in different projects. She is very imaginative and expresses her creativity through play and initiates and contributes to play experiences emerging from her own ideas. We did an under the sea theme and Eloise wanted to be a mermaid. She created a mermaid tail using cardboard and newspaper and covered it in paint and glitter. She helped her friends create mermaid tails as well which we added in home corner as well.

Children Are Effective Communicators

Eloise is confident and clear to understand when using verbal communication. She confidently engages in small and large group experiences and shows she is actively listening to and understands what is being said. This is determined by the questions she asks or answers she gives when communicating. Eloise enjoys participating and contributing her ideas in group time and often sings and chants jingles and rhymes. She likes stories and uses creative arts such as drawing and painting to express ideas and make meaning.

Message From The Educator

It has been an absolute pleasure having Eloise in our room this year. She has been a bubble of energy and a ray of sunshine to say the least. We have had many good times and those memories I will keep with me for a long time. Thank you letting me a part of Eloise's life! We will miss her dearly!
