

Our Weekend

Name: MoniqueDate: Jul 12, 2013

What did you do on the weekend? Where did you go? What did you see? Anything that you did with your family can be incorporated into of our curriculum plan. From going to the movies to baking a cake, no matter how big or small we would love to know. The ideas and suggestions from your family can be explored and provide the children with endless learning opportunities.

On Saturday we went to Manly Beach. It's the first time that we have been there. Monique had a swim at the beach. Monique also went into the children's pool. She loves the water and becoming very confident.

We walked along the sea shore to collect sea shells. Before we left we put the seashells back on the beach. There were rock pools as well. We found some crabs. There was also a long walking track which we walked along. We went to Manly corso for some lunch. Monique had fish and chips for lunch and in the afternoon before we left we had ice-cream.

While at Manly corso we went to a shop and bought some seashells and plastic sea animals.

Monique put the seashells into a jar for collecting and we she had a bath at night she added the sea animals into the water.

What a busy weekend it was!

Thank You For Sharing!
