

THOUGHTS OF THE WEEK

My name is: Rebecca Attendance: M T W TH F Week Beginning: 07/09/2015

The activity I enjoyed the most. Why?

I really likes the Harma beads this week. I got to make a dolphin and I got to keep it after I finished it,

The activity I enjoyed the least. Why?

Playdough - it was all dirty by the time I wanted to play and there wasn't enough cutters to use for everyone.

Where I spent most of my time.

Art and Craft. I like to make things that I can take home when I finish.

Stars in a shape or that looks like a picture is called a "constellation".

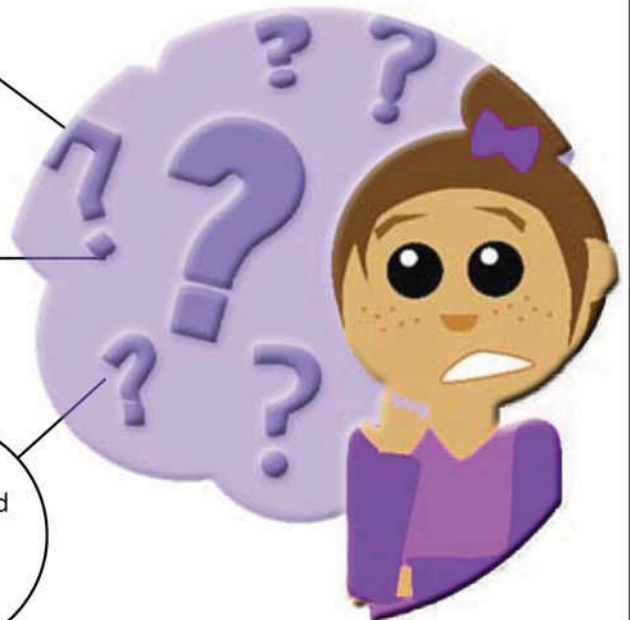

What I learnt this week.

Get more cutters for playdough and keep playdough so it doesn't get dirty.

What I would like to change.

More Hama beads please!

What I would like to do next week.

Linking to the Curriculum Plan

Experiences/Interests: Hama Beads - Jewellery Making, Add Space books on the bookshelf

Date Implemented: 14/7/2015

Outcomes: 3.1, 4.1

Comments: Will create more playdough in case it does get dirty so others can play and we will add a playdough table permanently as it helps to relax children. More items will be added.
