

From Me to You

“I call you "my child", because in our year together you aren't just a kid on the list in my room, you become a part of my heart”

Maya - It's been an absolute delight to have spent this year with you! I have watched you grown and develop. You are very independent and you are bright and bubbly! We love having chats with you and you make us laugh each day you have been here. Even on my worst day, you manage to put a smile on my face!

It's been a pleasure getting to know your family. Always willing to lend a helping hand wherever possible and always providing the room educators with support and encouragement. It really does make a difference to us, knowing that you appreciate our efforts!

I will always remember your smile, your laugh and how you take care of your friends when they feel sad. You loved playing "doctor" so study hard and you may be able to turn that role into a reality!

It's really sad to see you go and I'll miss you! Best of luck with your new school and best wishes for your future!
