

How I felt

I was very excited to start school. Mum was feeling sad but I said that I will have lots of fun and will see her in the afternoon. I think mum cried.. I am happy to be at school!

Who I played with

I have some new friends to play with! Jackson, Rose, Hannah and Ben. We spent the day together playing!

My First Day of School

What I did

So much stuff I did! Finger painting of a butterfly, water play, played in the sandpit, played with the dolls and pretended to be a doctor!

My favourite part

I like when we got to read stories. My teacher told a story using the puppets! It was funny! We also did some dances and sang some new songs! So much fun!!
