

Parent/Educator Meeting Questionnaire

Child's Name: **Steven Graham**

Parent/Guardian: **Melissa Graham**

Date: **29 June 2017**

Do you have any questions or concerns, if so please let us know?

- How much outdoor play do you have during the day?
- Do you have numeracy and literacy programs for the children to participate in?
- During meals are the children able to eat more if they want to? Steven complains he is still hungry after lunch.

Are you happy with your child's learning and development, so far?

Yes! I have seen how Steven's social skills have developed since coming to care. He has a good peer group and always talks about his friends and who he plays with while in the centre. Steven has also developed his language skills and enjoys talking about the projects he has done with you and all the facts that you share with the children. It's great!

Is there any area, you feel your child needs more support in?

Yes. I would like to develop Steven's literacy skills. At home we have started a reading program with Steven since he has shown an interest in learning and identifying words. I would like you to continue this. We have started with simple stories with 3 - 4 words that repeat themselves.

Do you have any comments or suggestions, you wish to share?

Love the work that you are all doing! Steven loves the centre and I really appreciate the work you are all doing! I would like to see more of Steven's work and how you assess his learning and development. I would also like to receive communication through email. Thanks!
