

# Standard 1- Child Safety Is Embedded In Organisational Leadership, Governance And Culture

## Why is this Standard important?

Leadership that keeps children safe is demonstrated by personal behaviour, having child safe practices, putting children first, prioritising training and education, and having a culture of continuous improvement.

- Leaders and staff champion a set of core values that inform the organisation's approach to child safety.
- Leaders demonstrate attitudes and behaviours that prioritise the safety of children through the behaviours and practices they reward and challenge.
- Leaders incorporate risk management of child abuse into decision-making and actively monitor risks to child safety.
