Standard 10 - Policies And Procedures Document How The Organisation Is Child Safe

Why is this Standard important?

Implemented effectively, child safe policies and procedures provide guidance and clarity to staff, volunteers, parents and children about how to prevent and respond to child safety issues.

• Child safe policies are specific to the organisation and its environment, and they address local risks to the safety of children.
• Child safe policies, Codes of Conduct and complaint handling procedures are publicly accessible.
• Policies and procedures are available in child-friendly and accessible formats that pay attention to children's diverse characteristics, cultural background and abilities.
