

# Sand and Water Play

The natural attraction that children have with these mediums makes them perfect for exploring in the childcare room. Sand and water play can be two separate activities or formed into one. Sand and water each provides children with many learning experiences. While playing with sand, it provides children with options to shape, rake, shovel or build with the sand. Water gives the children options of splashing, pouring and mixing.

## Linking To The EYLF Outcomes

- 1.3 Children develop knowledgeable, confident self-identities and a positive sense of self-worth
- 1.4 Children learn to interact in relation to others with care, empathy and respect
- 3.1 Children become strong in their social, emotional and mental wellbeing
- 3.2 Children become strong in their physical learning and wellbeing
