

# Construction Area

Construction involves children building and making things no one has seen before. Children are offered a variety of materials and begin to sort, arrange and construct using their ideas and imagination. Through construction it provides children an opportunity to invent and discover new possibilities.

## Linking To The EYLF Outcomes

**4.1 Children develop a growth mindset and learning dispositions such as curiosity, cooperation, confidence, creativity, commitment, enthusiasm, persistence, imagination and reflexivity**

**4.2 Children develop a range of learning and thinking skills and processes such as problem-solving, inquiry, experimentation, hypothesising, researching and investigating**

**4.3 Children transfer and adapt what they have learned from one context to another**
