

2 Ingredient Pudding Dough

Materials Needed:

- 1 cup pudding
- food colouring optional
- 3/4 cup cornstarch

What To Do:

- Pour the contents of a pudding cup into a small bowl.
- If desired, add food colouring and stir until combined.
- Add $\frac{1}{4}$ cup of cornstarch and mix it in with a spoon. Repeat with a second $\frac{1}{4}$ cup of cornstarch, kneading with your hands when it becomes too difficult to stir with a spoon.
- Work in more cornstarch with your hands, one tablespoon at a time, until the play dough is no longer sticky and you're happy with its consistency. Play immediately.
