

## **Developing Social and Emotional Skills For School Readiness**

**Children are gently guided and encouraged as they gain confidence and learn to collaborate, communicate, and resolve conflict with each other.**

### **Development includes:**

- participate in play
- show an interest in others and make friends
  - express individual needs and wants
    - express emotions
  - take turns and sharing
  - alert and interested
  - listens to stories
  - cope with transitions
- has developed positive peer relationships
  - has positive social personality
  - displays emotional security
- appears to have a positive self image
  - separates happily from parents
