

Sustainable Water Practices In Early Childhood Services

How We Minimise Water Consumption At Our Service

- **Teach and educate children on water saving (turning taps off, using half flush).**
 - **Install a rain water tank for water play and gardening.**
- **Added mulching to garden to reduce water needs.**
 - **Repair leaks.**
 - **Rainwater is collected**
 - **Water play water added to plants**
- **Water not wasted when washing hands**
